MICHAEL BOTHA

OBJECTIVE

I want to further my knowledge in Information technology/computer science. I am extremely passionate about coding and would grab any opportunity to learn more

SKILLS

I am proficient in Java and C#
I have completed multiple courses in C# and have also done a masterclass in Java

EXPERIENCE

JUNIOR SOFTWARE DEVELOPER • SEESA • JUNE – AUGUST 2020

I worked for SEESA as a junior developer during the hard lockdown in 2020 as well as being a fulltime student. I had worked for SEESA in previous years as an intern while on holiday. SEESA showed me a lot of the industry standards in software development. I was tasked with a few of my own websites to write and was held responsible for effective communication between the Business Intelligence Unit and the IT department

EDUCATION

BSC IT • 2021 • NWU

I will have finished my undergraduate degree in IT by the end of November 2021. I also have completed a few courses from Udemy to further my knowledge in Computer Science.

MATRIC • 2015 • HOËRSKOOL MONTANA

I matriculated at the school of Hoërskool Montana in Pretoria where after I took a gap year to decide what I want to study the following year. Where I got exposed to Software development and immediately knew that this is what I wanted to study

VOLUNTEER EXPERIENCE OR LEADERSHIP

I was nominated as a junior instructor for the JSKA (Japan Shotokan Karate academy) in 2014-2016.
